Project Muse: scholarly journals online
Internet access available to MUN users only.
Coverage: Varying coverage
Provides access to journals published by the Johns Hopkins University Press. Disciplines covered are humanities, social sciences, and mathematics. A brief bibliographic description of each title is given.

ProQuest dissertations & theses
Internet access available to MUN users only.
Formerly known as Dissertation Abstracts, the PQDT database contains over 2 million records. Online abstracts for dissertations are available since July 1980, full text since 1997. (Abstracts for dissertations older than July 1980 are available only in the printed editions of Dissertation Abstracts). PQDT covers more than 90% of North American doctoral dissertations plus growing international coverage. The online full text of dissertations added to the database since 1997 (including many pre-1997 titles) can be accessed free of charge by Memorial University users. Search the database and look for "Full text - PDF" links in your search results list.

PsycARTICLES
Internet access available to MUN users only.
Coverage: 1887-
Provides full text access, citations and abstracts to articles from journals published by APA, the APA Educational Publishing Foundation, the Canadian Psychological Association and Hogrefe & Huber. Covers general psychology and specialized basic, applied, clinical, and theoretical research in psychology in areas including animal behavior, cognition, memory, neuroscience, perception, physiological psychology, psycholinguistics, psychometrics, social and personality psychology.

Psychology & behavioral sciences collection
Internet access available to MUN users only.
Coverage: 1965-
Psychology & behavioral sciences collection provides access to about 500 fulltext journals, most of which are peer-reviewed publications. It covers emotional and behavioral characteristics, psychology and psychiatry, mental processes, anthropology, and observational and experimental methods. All full-text publications are also indexed in PsycINFO. Coverage varies and content goes back as far as 1865 for some titles. Full-text for some titles is delayed for 6 months to 1 year.

PsycINFO
Internet access available to MUN users only.
Coverage: 1807-
Updated monthly. PsycINFO contains summaries of the world's literature in psychology and related disciplines. The database includes references to journal articles, books, book chapters, dissertations, and technical reports.

Public STINET
Internet access unrestricted.
Coverage: Unspecified coverage
"Public STINET is available to the general public, free of charge. It provides access to citations of unclassified unlimited documents that have been entered into DTIC's Technical Reports Collection, as well as the electronic full-text of many of these documents. Public STINET also provides access to the Air University Library Index to Military Periodicals, Staff College Automated Military Periodical Index, DoD Index to Specifications and Standards, and Research and Development Descriptive Summaries.- About STINET page.

Publications warehouse
Internet access unrestricted.
Coverage: 1880-
A searchable online archive of USGS publications. Includes bibliographic citations for more than 70,000 U.S. geological / biological reports, maps, etc. in various numbered series. Availability of content ranges from bibliographic citation only to links to full text. The project will eventually see most USGS publications available free online.
